Objectives, Targets and Description

Objectives

Objectives in plan: *

All employees at Wellburn Agromart will be involved in the reduction of toxic substance use, creation and releases. Phosphorus is the priority substance identified in this planning however as its use is as a nutrient for crops in the production of custom fertilizer blends there is little opportunity to reduce its use in production. Minimization of spills, best management practices and optimizing production are all activities undertaken at the site to enhance productivity and minimize waste. Due to the fact that phosphorus is a key nutrient ingredient in the crop nutrient blends produced on-site there are no reduction no options being implemented at this time.
